

Sync/Drive Patch 20.2.0.4932

November 17, 2020

Patch 20.2.0.4932 fixes these issues.			
Drive	CL-7543	Renaming	The rename operation was failing for folders with large numbers of files; this has been fixed.
Drive	CL-7068	Renaming	When a folder was copied in Drive and renamed, content explorer was hanging up; this has been fixed.
Drive	CL-7458	Logout	A problem causing Drive to crash when a user logged out has been fixed.
