

Customize Product URLs

FileCloud allows changes to a number of URLs used in the system to customize your user experience.

The following URLs can be customized.

URL	Description
Install Desktop Apps URL	<p>This is the URL that will be opened when user clicks on "Install Desktop Apps" in the dropdown menu (See attached picture).</p> <p>The desktop apps refer to Cloud Sync, Cloud Drive, WebDAV client etc that the user can install in their computer to connect with FileCloud.</p> <p>If you are using FileCloud's default apps, then no changes is necessary</p>
Install Mobile Apps URL	<p>This is the URL that will be opened when user clicks on "Install Mobile Apps" in the dropdown menu (See attached picture).</p> <p>The Mobile apps refer to iOS, Android, Windows Store App, BB10 apps.</p> <p>If you are using FileCloud's default apps, then no change is necessary</p>
Install FileCloud Addins URL	<p>This is the URL that will be opened when user clicks on "Install Addins" in the account dropdown menu (See attached picture).</p>
Product Facebook URL	<p>If this is set, the user UI will contain a link to open this URL in the account dropdown menu. Set this to empty string to remove this link.</p>
Product Tech Support URL	<p>This is the url that will be opened when user clicks on "Help & Support" in the drop down menu.</p>
Initial User Web Portal Path	<p>This path can be used to customize which folder the web interface navigates to when a user logs in. Example: #expl-tab1/EXTERNAL Warning: If all users don't have access to this path, then they might not see anything when they login.</p>
Forgot Password URL	<p>For External authentication like Active Directory or LDAP, it is possible to set a URL here so that when a user clicks on "Forgot Password", it takes them to the specific URL.</p>
User Login Custom Option Label	<p>This is to create a new label in More Options section of a login page, below forgot password, to redirect users to another option to reset the password.</p>
User Login Custom Option URL	<p>Specify the URL for the new label in More Options section of a login page, below forgot password.</p>

To perform customizations, follow the following steps

1. log into the [Administration portal](#)
2. Click on "**Customizations**" on the left navigation panel
3. Click on "**URL**" tab
4. Do the changes for the appropriate customization item
5. Click on "**Save**" button
