

Getting Started Tutorials

If you have just installed FileCloud On-Premise or started a trial on FileCloud Online, the following videos will help you configure basic settings to get your FileCloud Server up and running. These lessons are part of the full Admin Training course; if you wish to learn more about getting the course after purchasing FileCloud, please reach out to our sales team at sales@codelathe.com.

Installation for FileCloud (Only On-Premise)

Windows		Linux
