

Setting up an AirSend account

Open the AirSend website

1. Open the AirSend website at <https://www.airsend.io>.
2. In the upper-right corner, click **SIGN UP**.

3. Either sign in with your Google or Apple account or sign up with a new account by filling in your name, email and password and clicking **Sign Up**.

A screenshot of the AirSend sign-up page. The page features the AirSend logo at the top left. Below the logo are two buttons: "Sign in with Google" and "Sign in with Apple". Below these buttons is a link that says "or use your email address". Underneath this link are three input fields: "Name" (with the placeholder "Full Name"), "Email Address" (with the placeholder "your@email.com"), and "Password" (with the placeholder "*****"). Below the password field is a line of text: "By signing up you accept our [Terms](#) and [Privacy Policy](#)". At the bottom of the form are two buttons: a blue "Sign Up" button and a white "Back to Login" button. A red arrow points to the "Sign Up" button.

2. Verify your email address

If you sign up using your email address, you will get an email to verify that you really own that email.

- Click the link in the email to verify your email address

If you don't get your verification email, please check your spam folder to see if your email provider has flagged it as spam. If your email is not in the spam folder, and you are having difficulties, please contact us by sending an email to AirSend support at support@codelathe.com

3. Log in to AirSend

- Once your email is verified, click the **Login** button to sign into AirSend:
